Kell

Yesterday, we received the email response below from Greg Lovato, the head of Nevada Division of Environmental Protection. Greg suggests a series of discussions to reach final consensus on the deferral language. It appears those discussions will likely include ARC (i.e., "multilateral"). BTW, Bob Genovese has a call scheduled with Alexis tomorrow.

I can certainly follow up with you tomorrow or Thursday after the call with ARC.

Best Regards,

Enrique Manzanilla

Director, Superfund Division

US EPA Pacific Southwest (Region 9)

Angeles,

Thank you for the response and the proposal to meet. Unfortunately, Rick Perdomo and I traveling much of this week and are not available at the same time this week so we will have to look for future dates.

To reach closure on the document language and each of parties' threshold concerns, NDEP will be proposing that we schedule a set of discussions between EPA, NDEP and ARC rather than the current back and forth over the remaining issues.

These could involve a series of sequenced meetings between (bilateral) and amongst (multilateral) the parties.

Greg

Importance: High

Hi Greg,

On behalf of Enrique, please find a letter regarding the deferral of the NPL listing of the Anaconda Mine site. The letter proposes that EPA and NDEP sit down in person or on the phone next week to address the remaining issues that need to be resolved before EPA can make a final decision on deferral.

Here are some dates that work for us:

Wednesday, November 15

Thursday, November 16 after 11am

Friday, November 17

Please let me know what works best for you.

Thanks.

Angeles
